Dear Ms. Gowanlock:

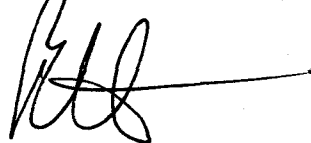

I am writing in regards to the concerns of Mr. Chris Brown, who is very active in the matter of environmental sensitivities. Perhaps you will recall our lengthy discussion on this subject a number of weeks ago?

At that time, you suggested that Mr. Brown forward pertinent information to your office. I have been advised by Mr. Brown however, that the department already has an accurate supply of studies in the area. Apparently some of these studies, such as the Ashford-Millar Report, cost as much as \$25.00 and therefore their acquisition is rather expensive.

Mr. Brown has suggested that a Barb de Brook (954-8686) of your department would be a possible source for this information. Also he has requested a meeting with you and myself to further discuss this issue. I greatly appreciate your attention to this matter.

With kind regards,

Yours sincerely,

Bruce Halliday, M.D.

Dear Mr. Brown *Chris*

Attached please find a copy of my letter to Ms. Gweneth Gowanlock concerning the matters you have raised with my assistant Mr. Vaughn Bender.

I will endeavour to inform you promptly of Ms. Gowanlock's reply. Perhaps at that time we can arrange a mutually convenient date to meet.

With kind regards,

Yours sincerely,

Bruce Halliday, M.D.
